Since the final work product reflects both ORD's and OCSPP's input and expertise, the Administrator has signed.

This is an EPA work product where we have broken down the silos between the program offices (just as Administrator Wheeler intended through our multi-program office, multi-media PFAS Action Plan). The tox assessment reflects the Agency's position as determined by the EPA Administrator and developed based on the varying expertise and input of both ORD and OCSPP. Since the PFAS Action Plan is managed by the A/O to ensure work products reflect the expertise from all program offices and regions, the A/O position is that both offices should be listed on the document. I am fine with OCSPP signing, since everything is ready, so we can get this important information to the public as soon as possible.

Importance: High

Amparo & Mary,

Attached is the final version of the FR document.

Docket status - I worked with Amparo to set up the ORD docket (thank you Amparo – the attached FRN has the information you need to finish that entry). As a reminder, someone from ORD needs to provide the final tox assessment and work with Amparo to get it loaded to that docket. The FR document gets added to the docket when it publishes.

Signature – This email hands off the attached FR document to Mary Manibusan for OP processing.

Let me know if there are any questions with what I did.

- Angela

Subject: RE: Drafting a FR for ORD - A first draft simple NOA

Hi Mary et al,
Although there is no dedicated ORD docket per se, there is a specific docket manager that is assigned to ORD, who manages the docket process for ORD materials. The list of docket managers is here <https://intranet.epa.gov/fdmsinfo/contact.html#docketmanagers>, and it looks like we share the same docket manager - here is the docket manager for ORD. Never the less, we have different procedures (e.g., required CBI reviews, forms, etc), so that manager will instruct you on what ORD needs to do – which isn't likely to be the same as what we require for our materials.
<image001.jpg>

I registered the document in the OP system (FR Dailies) used for FRLs and to submit to OP for publication processing. Here is the FRL number to use on the document: **10020-01-ORD**.

I called OP, and here is the person you need to work with to get the FR signed and submitted: **Mary Manibusan**. (Caryn Muellerleile is the desk officer).

So, with that provided, I think it is also important to point out that it may be too late for this document. OP will confirm whether this is something they can get signed & processed.

Subject: RE: Drafting a
FR for ORD - A first
draft simple NOA

Mary and Lou,

Attached is the draft
NOA FRN for the PFBS

assessment. I have made very minor edits.

Mary could you please address the docket # issue and verify the contact person and information.

We need this basic info first thing in the morning.

I could not access the share drive version. Not sure if it makes a difference regarding which one I edited.

Thanks

DDD

Subject: RE: Drafting a FR for ORD - A first draft simple NOA

Importance: High

Here is a first draft using only the mark-up I received from you last Friday, and an old ORD notice Peter found on the web.

We assumed this is a simple announcement of the final tox assessment, so we kept the FR document very short and pulled language directly out of that mark-up. ORD will need to add the following:

- ORD Docket ID #.
- ORD FRL #.
- For Further Information

Contact Info:
As a
comment, we
included the
POCs that
were in the
NOA that
Peter found.
Otherwise we
just provide a
template for
one contact.

It is set for the
Administrator's
electronic signature.

Attaching as a shared
file and as an
attachment.

Hope this helps. Let
us know if there are
other questions we
can help with.
- Angela

Subject: Drafting a FR
for ORD

As noted, OCSPP has a lot of Notice Drafting experience. We are quite swamped but Angela and Peter are ready to assist Lou. Thanks for helping.
